MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: John McCone Visit to Perkin-Elmer

1. Attached is a letter for your signature in reply to Mr. McCone.

2. I do not anticipate that Mr. McCone will make a technical contribution. We just might be able to take some advantage of his personal relationship with Mr. Perkin at some future date should the program run into difficulties there. While there are no compelling problems with Perkin-Elmer at the moment, I have not been there for several months and it would be quite appropriate for me to make such a visit in August. I would plan to take along one or two officers who are active in this project.
